Accredited by NBA (B.Pharmacy) and NAAC with 'A' Grade  
Affiliated to Acharya Nagarjuna University, Guntur, Approved by AICTE  
Chalapathi Nagar, Lam, GUNTUR – 522034, A.P.

## *5.1.3 Capacity Development and Skill Enhancement activities organized for improving Student Capability*

### **1. SOFT SKILLS**

Institute perceives the importance of soft skills enhancement in students in accordance with fast changing techno-economic competitive world. The utmost importances were given to inculcate the leadership skills, team work skills and problem solving skills. In the current society to face the modern work place, students besides learning the technical skills they are trained to improve technical/ soft skills to help in productivity in career, building professional relationships, enhancing the employability.

The institution since 2008 has been training students for soft skills to make them employable. Students of all programmes are trained by a soft skills trainer continuously. The training and placement officer interacts with the HR personnel of various companies and organizes workshops and campus drives, which bring awareness among the students about the industrial needs and deployment process. Apart from improving the core competent skills, regular classes are held for the students to improve their fluency with a focus on grammar and vocabulary in order to help them to meet the corporate needs. From the large pool of students' majority of them are more interested towards successful course completion and job attainment without having the fundamental knowledge and real time understanding. A Separate course on soft skills was introduced to the students with a course code of CB206T for the 2016 autonomous batch to improve soft skills following standard institute composed syllabus.

Chalapathi Institute of Pharmaceutical Sciences (CLPT) has appointed visiting/adjunct faculty from pharmaceutical industries/multispecialty hospitals and other reputed organizations who involved in enhancement of research with recent advances in pharmaceutical era, career guidance, communication skills, personality development, time management and other interpersonal skills. Visiting or adjunct faculty also have their sessions during orientation / induction programmes to make the students aware of various courses and

**PRINCIPAL**  
Chalapathi Institute of Pharmaceutical Sciences  
(Autonomous)  
Chalapathi Nagar, Lam, GUNTUR - 522034

application of skills in pharmacy programme. Campus recruitment training (CRT) programmes were also organized to make the students aware regarding the job opportunities and to improve interview skills Institute is conducting separate classes for Pharm.D, M Pharmacy to support the need of improvement of language and communication.

- A. RUBICON Skill Development programme.
- B. CRT Soft skill Development programs.
- C. Career Guidance.
- D. Personal Counseling.
- E. Orientation Programs.
- F. Bridge Courses/ Induction Programs.
- G. Ethics course.
- H. Co-curricular activities. (Group Discussion, Essay Writing and Elocution).
- I. Problem Based Learning.
- J. Student magazine

**A. RUBICON skill development programme:**

RUBICON skill development trainers help the students in the areas of expectation setting, knowing about the trainer and candidate, organizational structure, SWOT (strength / weakness / opportunity / threat) analysis, corporate jargons, presentational skills, e-mail etiquette, grooming, body language, telephone etiquette, group discussion, and facing personal Interview.

**B. CRT soft skill development programs:**

Skill development, campus recruitment training (CRT) programmes to develop comprehensive soft skills and communication skills training of a candidate is to make them more employable for the right job. IKYA GLOBAL provide robust and industry ready training and education to candidates by using best teaching methodologies, tools and with a team of real time industry trainers. The courses and curriculum are designed keeping the current industry trends and requirements. The courses are designed to “Boost the Employability” of the candidate. Icebreaker

- I. Self Motivation
- II. Career planning & JAM
- III. Resume/CV Writing
- IV. Interview skills (Activities mode)
- V. Group Discussions (Activities mode)

  
**PRINCIPAL**

(Autonomous)  
Chalapathi Nagar, LAM GUNTUR-34

### **C. Career Guidance:**

The alumni of the institute, who are placed in various organizations, are another potential source that the institution draws upon for guidance to the current batch of students. CLPT-Alumni Association keeps in touch with the alumni, takes their inputs regularly and conveys them to the students.

An annual alumni meet is also held at the institution which facilitated a lively interaction between the “placed” and those “aspiring to be placed”. Senior faculty members act as mentors to guide students in this direction.

### **D. Personal Counseling:**

The teaching faculty of the institution is assigned with the task of monitoring and counseling the student groups. They act as advisors; interact with their respective group of students regularly, appraise the weaker students regarding their remedial action to their setbacks by additional instructional classes. Recommendations are made and plans executed for the benefit of students. Persons of eminence in the society like personality development trainers, social activists and philanthropists are invited to inspire and influence students to become socially responsible citizens. Students counseling centre counsel students for improvement in academics, active involvement in research, authoring book chapters, to correct irregularities and to improve discipline. One of the faculty members is a certified psychologist and provides his service to the students whenever necessary.

The **Mentor – Mentee system** provide guidance to students on academic matters including research, personality development and to foster a close and constructive professional relationship between students and the staff of the institution.

Faculty organizes periodical meetings to evaluate their academic performance, orientation towards program, encouraging towards research, to rectify any shortcomings and to solve student problems.

### **E. Orientation Programs:**

In the beginning of the programme, since 2015 orientation programs are conducted to introduce students to institutional activities/ courses, which will in their support their educational and personal goals, personality and life enrichment, time management, professional etiquette, Campus behavior and class room culture, listening skills how to have

(Autonomous)  
Chalapathi Nagar LAM, GUNTUR-34.

a long memory, role of soft skills in development of interpersonal skills, professional ethics and human values, goal setting and career mentoring.

#### **F. Bridge Courses/ Induction Programs:**

Every student shall undergo for bridge course, since 2019 this course deals with the fundamental knowledge on the various disciplines of pharmacy to overcome the gap between intermediate and pharmacy course.

To enrich the knowledge of the students and provide basic understanding in the areas of human anatomy and physiology, pharmaceutical analysis, pharmaceuticals, pharmaceutical inorganic chemistry and remedial mathematics/ remedial biology through orientation programme by utilizing faculty of various disciplines, laboratory facilities and library resources.

#### **G. Ethics course:**

The institute had introduced professional ethics and human values in the curriculum as a value added course implemented since 2016 with a course code of CB205 T for autonomous batch and as BP305T for the curriculum approved in 2017 onwards. The course includes professional ethics and integrity in work ethics-service learning. Outline the ethical norms, anti corruption measures and central vigilance bodies. Applying moral concepts and reasoning in pharmacy and discovering ethical issues in clinical pharmacy practice and manufacturing of pharmaceutical products and appraise professional societies and various pharmaceutical associations.

#### **H. Co-curricular activities (Group Discussion, Essay Writing and Elocution):**

Chalapathi institute of pharmaceutical sciences organizes co-curricular and extracurricular activities to the students to inculcate the values of physical, psychological, ethical, academic, civic, social, aesthetic and cultural recreational and discipline. These activities guide students how to organize and present an activity, how to cooperate and coordinate in different situations which ultimately develops their leadership qualities.

1. All the activities are planned before commencement of academic year and are recorded in respective committee books.
2. All the activities are executed according to the planned calendar by the students in coordination with the faculty in charges as and when required.

  
**PRINCIPAL**  
Chalapathi Institute of Pharmaceutical Sciences  
(Autonomous)  
Chalapathi Near LAM GUNTUR-34

3. Chalapathi institute of pharmaceutical sciences in association with Government of Andhra Pradesh established APSSDC to enrich the professional skills and also scientific temper towards research in students in various aspects.

National Pharma week was conducted in November 2019 in which cross word puzzles, caption writing, patient counseling, scrap art and essay writing competitions were conducted to improve the soft skills of the students.

#### **I. Problem based learning:**

- To encourage active learning, better understanding and retention of knowledge, students are grouped and encouraged to work together to get solution for the specified problem.
- In the course of industrial management and pharmaceutical marketing, students were encouraged to anticipate the problems in the organization and draw multiple numbers of solutions for the posed problems.

#### **J. Student magazine:**

Chalapathi institute of pharmaceutical sciences have been annually publishing “PRAXIS” from 2014. Praxis is a student magazine launched to bring out the inspiring thoughts and ideas of young minds. It serves as a platform to highlight creativity, art, fun message and intelligence. It is a way to promote freedom of thought, expression, innovation and creativeness which are vital for development of students of the institute. Praxis runs by students as chief editors, associate editors and assistant editors, facilitated by faculty coordinators.

## **2. LANGUAGE AND COMMUNICATION SKILLS:**

Institute understands the importance of communication, barrier of communication and qualities of good speaker and listener, behavioral needs of a Pharmacist to function effectively in the areas of pharmaceutical operation and helps them to communicate effectively, manage the team as a team player, develop interview skills, and develop Leadership qualities and other essentials.

A. Personality Development.

B. Language Lab.

  
**PRINCIPAL**  
Chalapathi Institute of Pharmaceutical Sciences  
(Autonomous)  
Chalapathi Nagar LAM, GUNTUR-34.

### **A. Personality Development:**

To improve the personality development some of the topics that are chosen to give the lecture are training programme on interactive skills, communication skills and personality development, personality development and employability skills. Time management and goal settings and goal settings for better life and for better tomorrow.

### **B. Language Lab:**

Since 2005 to improve the language and communication skills of the student's Chalapathi Institute of Pharmaceutical Sciences provided a minimum 75 hour interaction in a year and topics related vocabulary, grammar, speech practice, group discussions, interview skills along with video lectures and other topics were given guidance. Since 2016 institute organized more than 654 lectures related to language lab. Institute is conduct separate classes of communication skills for Pharm.D, M Pharmacy to support the need of improvement of language and communication.

### **3. LIFE SKILLS:**

Life skills are capabilities that empower young people to take positive action, to protect them and have positive social relationships, thereby promoting both their mental well-being and personal development as they are facing the realities of life. Life skills are the strategies, abilities, expertise or competences that enable adolescents to develop positive attitudes and responsible sexual behaviours, leading towards a healthy lifestyle. As such a life skill refers to a person's ability or competence. Throughout our life, from childhood into adulthood, these skills are developed and improved.

- A. Heart fullness meditation.
- B. Physical fitness (GYM and sports facilities)
- C. Health and hygiene.

#### **A. Heart fullness meditation:**

Institute had inculcated the inclusion of life skills in the curriculum and is strictly following the implementation of the heartfulness meditation program to inspire, integrate, intensify, include and involve the students to develop the social emotional cognitive abilities. This program was implemented since 2015 and evolved and guided students of 1429 till date in association with Sri Ramachandra Mission and Heartfulness Institute. Institute is conducting the heartfulness meditation at every day morning for 5-10 minutes and a 45 minutes group meditation once in a week for students and staff to improve confidence levels.

  
PRINCIPAL  
Chalapathi Institute of Pharmaceutical Sciences  
(Autonomous)  
Chalapathi Nagar LAM, GUNTUR-34

### **B. Physical fitness (GYM and Sports facilities):**

To promote health by physical activities according to their interests and abilities, Chalapathi Institute of Pharmaceutical Sciences established sports committee. Promote sportive spirit in students by organizing interclass/intercollegiate sports. Encourage student participations by arranging inter and intra institutional events. Promote the culture of participation in state level and national level events by providing financial assistance to students. Institute maintains GYM equipments, materials and accessories in good condition and encouraging students to utilization and procures sports / gym / games equipment as per the requirement of students /staff. We organize sports classes as per the academic timetable. Institute finalizes eligible students for cash awards who excel in sports at institute and university level.

### **C. Health and Hygiene:**

The institution has self financed social service units which stand for values, self-help and dignity of labor. The units of the institution organizes various rallies, home medication reviews, blood donation camps and philanthropic activities like clean and green, donating/interacting with homeless in old-age homes with an objective to promote high standards of professional ethics, transparency and accountability.

**Indian Pharmaceutical Association – Lam** local branch of Chalapathi Institute of Pharmaceutical Sciences has been established in the year 2014 with a vision to empower the profession of pharmacy and create awareness about healthcare to the community. The function of IPA lam local branch is to enrich the students, faculty, pharmacy personnel about the latest trends in pharmacy field through guest lectures, seminars, symposia/conferences; to organize educational programs, outreach programs viz, healthcare camps, free medicines distribution to bring awareness on the safe use of medicines by pharmacist.

**ISPOR India – Amaravati Regional Chapter** was the first chapter in amaravati capital region, andhra pradesh, seventh chapter in India established in the year 2017 with the mission to promote excellence in pharmacogenomics and health economics outcomes research to improve decision making for health globally. This chapter is committed to strengthen the integrity, advancement, understanding of pharmacoeconomics and use of health economics outcomes research among researchers, health technology developers and

**PRINCIPAL**  
Chalapathi Institute of Pharmaceutical Sciences  
(Autonomous)  
Chalapathi Nagar, Lam, GUNTUR 54

assessors, regulators, health economics, health care policy makers, providers, patients, populations and society.

The **ISPOR-ANU** student chapter works in coordination as per the bye laws of ISPOR, USA which operates from chalapathi institute of pharmaceutical sciences. It has been established in the year 2013, January, with a vision to improve research in the field of pharmacoeconomics and use it for taking health care decisions to improve health. Its functions include providing forum to exchange scientific knowledge in pharmacoeconomics through seminars / symposia / conferences and to organize educational programs related to it. It will also foster career growth and development of individuals in pharmacoeconomics and outcomes research.

#### **4. Awareness of trends in technology:**

- A. Skill development programmes
- B. Hands on training on analytical instruments.
- C. Drug Profile.
- D. Industrial visits.
- E. Industry internships.
- F. Simulated experiments/ Software
- G. Guest Lectures/ symposium.
- H. Abroad Education/ Guidance on higher studies.
- I. Entrepreneurship skills
- J. Intellectual property rights cell.
- K. Student exchange program.

#### **A. Skill development Programmes:**

The institution is organizing skill development certificate programmes in different departments to bridge the gap between academic learning and industrial need. Students of each semester are given practical training in handling of various equipment/instruments and few theoretical concepts beyond the syllabus are imparted.

Skill development certificate programmes conducted are

- Department of pharmacology organized skill development program on “Recent Trends in Experimental Pharmacology”.

  
PRINCIPAL  
Chalapathi Institute of Pharmaceutical Sciences  
(Autonomous)  
Chalapathi Nagar LAM GUNTUR-34

- Department of pharmaceutics organized skill development program on “Advances in formulation and evaluation of drug delivery systems”.
- Department of pharmaceutical analysis organized skill development program on “Trouble shooting of analytical instruments and interpretation”.
- Department of pharmacy practice organized skill development program on “Community pharmacy-entrepreneurship skills”.
- Department of pharmaceutical analysis organized skill development program on “Intellectual property rights and patent drafting filing and processing”.
- Department of pharmacy analysis organized skill development program on “Synthesis, Characterization, estimation of drugs and bimolecular”.
- Department of pharmaceutics organized skill development program on “Advances in manufacturing and quality control of oral solids”.
- Department of pharmaceutics organized skill development program on “Advances in oral solids manufacturing and quality control techniques”.
- Department of pharmacology organized skill development program on “Post Graduate diploma in pharmacovigilance”.

#### **B. Hands on training on analytical instruments:**

Every year since 2012 PHARMA ANALYTICA was conducted to give hands on training to students faculty members within the institute and other institutes on Analytical / Bio-Analytical / Stability Indicating method Development and Validation of Pharmaceuticals and Pharmaceutical Formulations by UV-Visible Spectrophotometer / RP-HPLC, Quantitative Analysis of pharmaceuticals and Pharmaceutical formulations by UV-Visible Spectrophotometer / RP-HPLC, Qualitative analysis of Pharmaceuticals by FT-IR, DSC, Brookfield Viscometer, KF Auto Titrator, Flame photometer and Dissolution studies of Pharmaceutical Formulations by UV-Visible Spectrophotometer / RP-HPLC.

These trainers would inculcate the essential qualities required by the students to climb up the ladder of success in their selected walk of life. Further students were taken for industrial visits to various Industries and laboratories.

#### **C. Industrial visits:**

The institution encourages the students for industrial visits and field trips to upgrade their practical knowledge. These make the students to explore the industrial requirements.

  
**PRINCIPAL**  
 Chalapathi Institute of Pharmaceutical Sciences  
 (Autonomous)  
 Chalapathi Nagar LAM, GUNTUR-34

Faculty and students are trained in pharmaceutical industries, research laboratories, clinical laboratories, diagnostic laboratories etc to upgrade their skills and to adapt latest techniques, technologies and procedures. Pharmaceutical industries are supporting the institution through research awards and cash prizes for the best research work done by students.

Chalapathi institute of pharmaceutical sciences have Memorandum of Understanding (MoU) with 11 industries, 5 research laboratories, 2 health organizations, 2 research centres and 3 educational institutions/Universities which provide research projects, faculty and student training programmes and internships to enhance the culture of research and collaborative learning among students and faculty which is beneficial to the society.

#### **D. Industry internships**

IIPEC of the institution assigns the students to opt for internship in reputed industries. Alumni give regular feedback to students in the selection of better field of work in right place.

- Information about jobs and research is prominently displayed in the institute.
- Information leaflets about IIPEC are distributed among students.
- Chalapathi Institute of Pharmaceutical Sciences in association with Government General Hospital (GGH), Guntur creates opportunity for the students of Pharm.D/ B.Pharmacy/ M.Pharmacy to have their internship.
- Students of the institution undergo internship in esteemed industries like Darwin Research laboratories, Ayur Pharma, Alapati Pharmacy, Biophore Pharmaceuticals, Darwin formulations, Safe parenterals etc.,
- Students of Chalapathi institute of pharmaceutical sciences also undergo internship at reputed hospitals like Apollo, Fortis, Sunshine, Queen's NRI etc.,

#### **E. Simulated Experiments/ Software:**

CliniREX software was given access to the students since 2018 and 150 students of the institute and 135 students of outside college are utilizing as Drug data base, Drug and Poisonous substance, Adverse drug reactions, Handling and updating of the data related to patient from remote areas was provided by the software.

  
**PRINCIPAL**  
Chalapathi Institute of Pharmaceutical Sciences  
(Autonomous)  
Chalapathi Nagar LAM, GUNTUR-34

Simulated Software in the department of pharmacology, Drug Design and Docking Software helps the students to advance in the respective departments. Faculties and students were encouraged to obtain online training on software like SCHRODINGER, CHEMCAD in chemistry

#### **F. Guest Lectures/ symposium:**

Guest lectures by industry people and workshop/awareness programmes by professionals and consultants are arranged to equip students with firsthand knowledge of things so that they can rightly choose and appropriately pursue their career ambitions.

Awareness on Clinical, Preclinical, Artificial Intelligence, 3D Printing, Bio Pharmaceutical, Bio Analytical, Advanced instruments and other concepts were organized by the institute to make the student aware of all the technologies related to the field of pharmacy before entering in to this competitive world.

#### **G. Abroad Education/ Guidance on higher studies:**

Students are provided with information and guidance regarding selection criteria, processes and details about examinations like GPAT, GRE, PGECET etc., for admission into post graduate programmes in India and abroad. Information derived from standard sources and requisites preparation-material in the form of booklets, is made available for students at the college library.

Periodical opportunities that occur in study and careers are also displayed in the departmental notice-boards. Students aspiring for brighter opportunity are advised to go through the standard journals and magazines that the institution subscribes and reference books for the benefit of the students.

The alumni of the institute, who are placed in various organizations, are another potential source that the institution draws upon for guidance to the current batch of students. CLPT-Alumni Association keeps in touch with the alumni, takes their inputs regularly and conveys them to the students.

#### **H. Entrepreneurship skills:**

Institute is Augmenting the supply of competent entrepreneurs through training and inculcating the spirit of entrepreneurship attitude in students. Entrepreneurship cell act as an institutional associate providing various services and provide information to skill student entrepreneurs. Developing close links between industry- institute interaction programmes. Identifying the present day requirements for pharmacists and meeting the

**PRINCIPAL**  
Chalapathi Institute of Pharmaceutical Sciences  
(Autonomous)  
Chalapathi Nagar LAM, GUNTUR-34

future needs. Institute disseminates technical advances to students through publishing and issuing technical bulletins, newsletters and course materials with latest technological developments. Since 2016 institution introduced entrepreneurship skills course for under graduate students for 35 hours.

**I. Intellectual property rights cell:**

Chalapathi institute of pharmaceutical sciences constituted Intellectual Property Rights Cell (CLPT IPR Cell) in 2019 with a vision to develop human resource in the management of Intellectual Property Rights as an integral part of innovation process and the innovation value chain in the institution. Thirty two (32) patents have been filed based on the innovations done in the institution.

**J. Student Exchange Program:**

Student exchange offers broad based benefits and outcomes for students keen to embark on this international adventure. Most of these are intertwined and come together to constitute the overarching exchange experience. As a part of the student exchange program between Chalapathi Institute of Pharmaceutical Sciences and Mary Land Eastern Shore University, USA, Mrs Briana Carter and Mr. Frank Done visited the institute. Mr. Om Sai and Ms. D.Navya of Pharm D completed their three months internship from AMTZ, Vishakapatnam. K Ambika and K. Naga Swathi Sree visited Krishna Institute of Medical Sciences, Kondapur, Hyderabad, Telangana.
