**Committed to impart Quality Pharmacy Education  
and Research to meet Global standards**

Industry Institute partnership cell (IIPC) is established for enhancing the relationship between the institute and industry. This cell identifies the industrial expectation and promotes institutional preparation to meet industrial needs by facilitating sponsored R&D projects, seminars, workshops and various other industrial training programmes. Industry Institute partnership reflects in equipping faculty to latest practices and makes the students industry-ready by providing exposure to current industry practices, and hone their skills to adapt changing technologies.

The objective of the IIP Cell is to reduce the gap between industry expectations and academic offerings by direct involvement of industry to attain a symbiosis. All the Stakeholders, namely: Institutions, Industry, Students and Society stand to gain as it can be a win-win partnership.

The primary focus of IIPC is to interact with elite industries in Andhra Pradesh and extend the efforts in establishing partnership with industries across the country in near future.

## Objectives

- Developing close links between Industry-Institute by interaction programs.
- Identifying the present day requirements for pharmacists and meeting the future needs.
- Disseminating technical advances through informal educational techniques.
- Publishing and issuing technical bulletins news letter and course material with latest technological developments.
- Organizing seminars, symposium, exhibitions, personality development and entrepreneurship development lectures, and workshops.
- Widening and effectively implementing the area of Collaborative R&D and consultancy.

## IIPC Activities

- Arranging industrial training for students.
- Identifying the opportunities for student project work in Industries.
- Encouraging the department level tie-ups or MoUs with Industries for mutual benefit.
- To promote synergistic partnership between Industry and CIPS for taking up joint research programmes.
- To conduct relevant R&D activities with the involvement of students and the faculty of CIPS under the supervision/guidance of experts from reputed Pharmaceutical industries.
- To motivate and involve students of CIPS in the relevant R&D activities of this Cell with an aim to transform these graduating pharmacists into professional pharmacists who are usefully employable by the Industry.
- To organize lectures, interactive workshops, conferences, seminars, brain storming sessions, technical discussions, consultancy Sessions, training, orientation courses, meetings, visits etc, involving members of the Industry, outside experts, eminent personalities, faculty and students of CIPS.
- To provide technical consultancy services to small scale industries.
- To help students of CIPS in getting suitable placements in industries/companies/other
